mobXscan™

Simple Barcode Scanning

Bring the power of barcoding into your business without added hardware costs.

Enhance your existing hardware with mobXscan software - the easy, simple and cost effective way to add barcode scanning to a Windows 10 Tablet or Android device. Using the integrated camera function and utilising industry leading decoding technology, mobXscan is an easy to use utility that scans almost all barcodes and enters the data as if from a keyboard.

Barcode Scanning

mobXscan adds the capability of barcode scanning to any Windows 10 or Android tablet/device and uses the built-in camera to scan and capture the barcode symbology. Very easy to use interface making it simple to add barcode reading functionality to applications with the need to enter barcode data.

Easy Integration

mobXscan was designed to be intuitive and easy to use. Open the mobXscan utility application and press the scan button to almost instantly read the barcode and enter it into an application. Or you can send a simple command from the application to trigger mobXscan.

Clever Design

We designed mobXscan to make use of barcodes very easy, but also very powerful by improving processes. Being fully compliant with Microsoft Windows 10 and Android v5.0 or above, it offers easy integration into your application. Easier to use = better user experience and productivity.

FEATURES AND BENEFITS

Accurate & reliable: Using the same decoding technology found in Honeywell barcode scanners thus reducing errors.

Faster barcode scanning and decode times: Helps to speed up the scanning process and minimize errors and delays.

Omni-directional benefit: True 360-degree reading, giving higher successful first-pass read.

Configurable features: Ability to define what barcodes can be read and how you control the scanning.

Simple Barcode Scanning

TECHNICAL SPECIFICATION

Supported symbologies:

CODE	SYMBOLOGY
1D	Code 39, Code 93, Code 128, UPC/EAN/JAN, Interleave 2 of 5, Hong Kong 2 of 5, Matrix 2 of 5, NEC 2 of 5, Codabar, Code 11, MSI Plessey, Pharmacode, RSS, Telepen, Straight 2 of 5, Korea Post, Trioptic
2D	Data Matrix, PDF417, MicroPDF417, QR Code, Micro QR Code, Aztec Code, Codablock, MaxiCode, UCC Composite, Hanxin, DotCode, Grid Matrix

POSTAL & OCR Codes optional at additional cost

Additional Information:
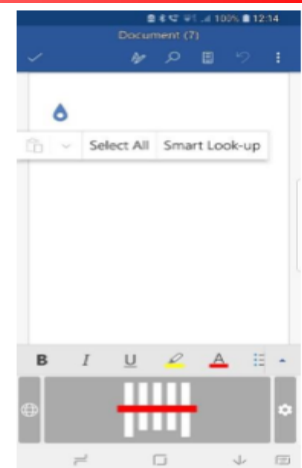

Effectively reads poor quality barcodes.

Utilising Swiftdecoder™ algorithms licensed from Honeywell, mobXscan offers industry leading barcode scanning performance giving aggressive first time decoding rate and increased scanning rate including damaged, distorted or poorly printed barcodes.

Screen designs:

Simple 'scan' button operation for both the Android and Windows versions, giving a simple and easy user experience plus accurate reads.
